Reference: July Quarterly Report (4/1/00-6/30/00)

Dear Mr. Rawlins:

This letter is prompted by the Commission's preliminary review of the report(s) referenced above. The review raised questions concerning certain information contained in the report(s). An itemization follows:

-Schedule B supporting Line 23 of your report discloses a contribution(s) to a candidate(s) for the primary election; however, the funds were disbursed after the election date(s) (pertinent portion(s) attached). Please note that contributions may not be designated for an election which has already occurred unless the funds are to be used to reduce a candidate committee's debts incurred during that election campaign. Please clarify the contribution(s) and disclose any redesignations or refunds as necessary on the appropriate schedules.

-Line 23 of the Detailed Summary Page of your report discloses a total of \$16,050 in contributions to federal candidates/committees and other political committees. The sum of the entries itemized on Schedule B, however, indicates the total to be \$10,750. Please amend your report to clarify the discrepancy.

-Line 29 of the Detailed Summary Page of your report discloses a total of \$0 in other disbursements. The sum of the entries itemized on Schedule B, however, indicates the total to be \$5,300. Please amend your report to clarify the discrepancy.

-Please amend Schedule B supporting Line 23 by providing the office

sought including state and congressional district, if applicable, for each contribution made. 11 CFR §104.3(b)(3)(ii) and (v)

A written response or an amendment to your original report(s) correcting the above problem(s) should be filed with the Federal Election Commission within fifteen (15) days of the date of this letter. If you need assistance, please feel free to contact me on our toll-free number, (800) 424-9530 (at the prompt press 1, then press 2 to reach the Reports Analysis Division). My local number is (202) 694-1130.

Sincerely,

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 12.5 million, and the number of people aged 75 and over has increased from 4.5 million to 6.5 million (Office for National Statistics 2000).

There is a growing awareness of the need to address the needs of older people in the community. The Department of Health (1999) has published a strategy for older people, which sets out a vision for the future of older people's health and care. The strategy is based on the following principles:

- Older people should be able to live independently and actively in the community.
- Older people should be able to access the services and support they need.
- Older people should be able to participate in decisions about their care and support.
- Older people should be able to live in a safe and secure environment.

The strategy also sets out a number of key objectives, including:

- To improve the health and well-being of older people.
- To ensure that older people have access to the services and support they need.
- To ensure that older people are able to participate in decisions about their care and support.
- To ensure that older people live in a safe and secure environment.

The strategy is a key document for the development of older people's services in the UK. It provides a framework for the development of policies and services for older people.

The strategy also sets out a number of key actions, including:

- To improve the health and well-being of older people.
- To ensure that older people have access to the services and support they need.
- To ensure that older people are able to participate in decisions about their care and support.
- To ensure that older people live in a safe and secure environment.
